

REMARKS

Claims 1-26 are pending in this application.

The present application is a continuation of and claims priority from U.S. Patent Application No. 10/298,150, filed on November 15, 2002. A document retention and processing fee, along with the appropriate extension fees, have been filed in that parent application, so as to maintain copendency with the present continuation application.

All of the claims remaining in the application are now clearly allowable. Favorable consideration and a Notice of Allowance are earnestly solicited.

Respectfully submitted,
